

Larry McAfee

11.04.08

Today our PRO, Larry Mc Afee was looking forward to launching the new Ruairí Óg website but due to his tragic and untimely death that unfortunately will not happen. However, his wife Christine and sons Martin, Sean and Conor have asked the club to go ahead and make the new site 'live' because they feel that is what Larry would have wanted.

Therefore we dedicate our new site to the memory of a committed, genuine clubman and dear friend. The content and presentation of the site reflect the effort, time and thought Larry put in over the last few months but they are also an insight into Larry the person: a man who was happier giving than receiving and who worked tirelessly for the good of others.

Larry, thank you for this site, your time and everything else you brought to Ruairí Óg CLG.

We offer our sincerest condolences to Christine, Martin, Sean, Conor and Larry's entire family circle at this very sad and trying time.

Ar dheis Dé go raibh a anam.
